The AZIZA Project offers hope to patients suffering from complex gynecologic pain by providing funding for them to see doctors with the necessary knowledge & training. Our fundraising covers the cost of consultations, travel expenses, and treatment for the patients.

At the same time, we are building a network of knowledgeable & caring doctors who are willing to spend the time it takes to solve these complex issues.

Your Purchases will help Aziza provide funding and connect patients with the doctor who is knowledgeable about their condition.

They are working to expand our network of doctors to include other specialties, as most complex gynecologic issues require a multi-disciplinary approach. And, in time, they will provide scholarships for medical students planning to work with complex gynecology patients and sponsor licensed physicians to take further training and expand their skill set.
