This nonprofit is founded from a personal experience of surviving a double attempted homicide. While providing real time resources for real time victims and their family is our main focus, public safety and privacy also stays at the forefront. We are actively seeking Sponsors, Volunteers and Contributors.

OUR MISSION: The mission of Confronting Domestic Violence, Inc. is to provide resources to real time victims and their children by providing relocation services. No parent should have to leave everything behind when moving for safety.

OUR VISION: The vision of Confronting Domestic Violence, Inc. is to help multiple families a month. To have multi-agency collaboration to collectively and effectively help mitigate, prevent, and put an end to Domestic Violence.

1:3 women & 1:4 men experience sexual violence, physical violence and/or stalking by an intimate partner during their lifetime and 72% of murder-suicides stem from domestic violence. The mission of Confronting Domestic Violence, Inc. is to provide real time resources to real time victims and their children and offer relocation services when they have a safe place to go but not the means to get there. No parent should have to leave everything behind when moving for safety or become homeless because of escaping.
