To the Community, from the Community,
for the Betterment of the Community

Community Pay it Forward

Turning Everyday Purchases Into Lifelines

"If you are not helping someone, you are hurting everyone. No one needs to go it alone when we all come together."

Who We Are

Community Pay it Forward (CPIF) is a mission-driven initiative founded by Zak Clayton to create a world where every purchase, event, and connection helps someone in need. Through our Giving Partner Network, we connect businesses, nonprofits, and individuals to create a ripple effect of support that strengthens communities locally and globally.

What We Do

1. Giving Partner Program - Businesses and organizations pledge a portion of sales to help people, families, and causes. Customers choose their cause, make a purchase from a partner, and part of that sale becomes a lifeline.
2. Come Together Support Page - A central hub for individuals, nonprofits, and families in need - featuring direct links, resources, and ways to get help or lend support.
3. Community Dare to Care - We provide essential items to neighbors at no charge, ensuring no one goes without basic needs. Our vision is to expand into a nationwide support network.
4. Awareness & Storytelling - Through podcasts, livestreams, and community events, we share stories of small businesses, nonprofits, and people overcoming challenges - inspiring others to act.
5. Special Initiatives & Events - From mental health awareness to holiday connection drives, we run campaigns that battle loneliness, support heroes, and raise funds for urgent needs.

Why It Matters

- No one falls through the cracks - we focus on both immediate relief and long-term community building.
- Support that travels with you - partners can impact causes anywhere in the world. -
- Turning purchases into purpose - we make everyday spending a force for good.

How You Can Help

- Become a Giving Partner - Pledge a percentage of sales to support causes.
- Share Your Story - Let us help you tell it without fear of being 'forcefully sold.'
- Sponsor an Event or Mission - Create impact and visibility for your business.
- Donate or Volunteer - Give time, funds, or items to help neighbors in need.
